

Audi A8 L Security • Armored Level VR7-9-9
Extended Features

Personal protection for Chancellor A. Merkel

Company Profile

We protect clients around Europe.

Ladies and Gentleman,

I would like to introduce you to the services offered by VIP Mobile. Our company offers clients a range of personal protection, chauffeur and medical care services. These services are available throughout the whole of Europe.

Over the past few years, we have experienced an increased demand for our well trained VIP Manager armed services. Our VIP clients are chauffeured in neutral, high security class vehicles, which are armored according to the latest security policy VR7-9-9. These vehicles even include the standards for hand grenades and explosive charges.

During WEF 2013/2014/2015/2016/2017 in Davos, VIP Mobile protected three presidents, with the use of four of our own armored Audi A8 long versions and bodyguards.

We have been provided with a letter of recommendation. Our services are not only tailored towards government officials, but also towards business clients, holiday services and medical visits to partner clinics. Please visit our websites www.vip-mobile-service.com and www.sat-security.com for more information.

Do you need embassy services, chauffeur services or rental of the new Mercedes S and Audi A8 also Minivans? Please don't hesitate to contact us via the contact details below.

Best regards
Kourad Szorg
ppa.
